## Laudato Si' Pilgrimage & Praxis 2020

### Outcomes

To share the unique beauty and culture of being on Ngunawal country with a wider group of friends

To deepen connections and relationships with self, each other, creation and creator God

To create a deeper understanding of place and connection to culture and land

To connect and deepen ecumenical relationships amongst people

To create a deeper understanding of what cultural ecological learning looks like

To create space where participants are able to relax, relate, learn, experience the sacred and receive insights that nourish people for their work and life

To encourage personal growth through exposure to different mindsets, belief systems and ways of seeing the world

To connect us even more with a shared sense of purpose and the work of caring for our common home

### Vision

An Australian ecumenical response to Laudato Si' envisages an ecologically flourishing country that reflects ecological values and healthy relationships that support the dignity and integrity of all creation.

### Theme

Pilgrimage & Praxis

## **Program Principles and Values**

Flexible design with interchangeable modules; encourages creativity and conversation; spiritually nurturing; personally challenging, embraces the opportunity to integrate with place and respect the wishes of the local community hosts.

- Collaboration

Relationships based on mutuality and trust within and across cultural boundaries of country, within and across Churches, the wider community, locally, nationally and internationally.

- Transformation

The journey of ecological conversion opens the door to contemplation, dialogue, inquiry, reflection, action and participating with a spirituality of communion.

- Innovation

Being prepared to take risks in pursuit of caring for country and embracing diversity, passion and integrity to achieve tangible joint outcomes.
